

PROFESSIONAL PROFILE

Digital Marketing and Social Media Specialist with 10 years of experience driving measurable growth through paid media, social media, and content strategy. As Digital Marketing & Social Media Specialist at Rabbit, a multichannel marketing consultancy, I plan and run campaigns for 200+ brands across LATAM, the USA, and Europe – contributing to the practice's growth of 77% YoY (2023) and 52% YoY (2024), while consistently delivering 3x–5x ROAS for retail, beauty, health, and B2B clients.

I specialize in performance and social media marketing across Meta, Google, and TikTok – from audience strategy, content, and creative to budget management, A/B testing, and KPI reporting. As an Industrial Designer with studies in International Marketing and Advertising in Colombia and Spain, I combine a designer's eye for content with data-driven optimization, AI tools, and influencer/UGC strategies that turn launches and events into revenue.

With results such as a 233x return on a brand anniversary campaign, a first-month \$100K USD ecommerce launch in the USA, and a paid media restructure that cut ad spend by 33% while growing online revenue by 50%, I bring the creative and analytical depth to scale brands in multinational environments.
